

# HOMECOMING NETWORK SUBSCRIPTION

October 1, 2019

**Dear Future and Renewing Network Supporters:**

**Diversity Restoration Solutions, Inc. (DRS)**, a Virginia-based business tourism and international project development firm, invites you, your family members, or organization network members to join our **Homecoming Network Subscription Campaign**. DRS connects its subscribers through sharing information about the history, genealogy and cultural heritage facts related to our Ancestors' Great Dismal Swamp Underground Railroad history and transatlantic slave trade era while at the same time reconnecting back to the history of our ancestors on the African continent. Our projects and programs are inspired by the legacy of Moses Grandy, a former enslaved African American who lived in Camden County, North Carolina and had his life story published in an 1843 slave narrative called "[Narrative of the Life of Moses Grandy: Late a slave in the United States of America.](#)" To help move our Homecoming Network and initiatives forward to bridge and reinforce the relationships between the United States and Africa, you can become an annual subscriber.

Since 2006, DRS has developed solid and sustainable relationships in The Gambia, Ghana and now Barotseland (Western Province), Zambia, home to the Wall of Return and the international headquarters Restoration Center international projects honoring our enslaved Ancestors. These three countries are our initial designated **HOMECOMING** destinations. We leveraged these relationships to successfully commemorate the 400-year anniversary milestone of African Americans arrival to Virginia (1619 - 2019) during the transatlantic slave trade and launch our inaugural **#Africa Homecoming Pilgrimage** to Barotseland (Wester Province), Zambia.

Your annual subscription (***Subscription year is August 1 – July 31***) will also help DRS to sustain not only the development of Barotseland (Western Province) Restoration Center, but also Homecoming feeder stations in our other Homecoming countries (current or future). Our international headquarters will focus on American African history, business and education programs through tours, seminars, workshops and conferences. After construction of the Wall of Return and Restoration Center is completed, Homecoming Network subscribers can plan their visits, family reunions, business conferences, organizational retreats and a host of other related activities in the land of their Ancestors.

Benefits of supporting **HOMECOMING NETWORK**:

- Quarterly newsletter
- Invitation to Meet-n-Greets, business forums, workshops and/or seminar Events in the United States
- Invitation to participate in the #Africa Homecoming Pilgrimage to Zambia and other Homecoming countries
